- Setting up of Humanitarian Projects (including Emergency and Relief Operations)

GRANTS OF SPECIALIZATION

Global Fund

- Principal, Sub-recipient Support and Country Coordination Mechanism
- Overall grant management – strengthening budget monitoring systems, financial management, grant procurement processes and activities tracking and monitoring systems.
- Tailor made budget tracking and management systems
- Monitoring and evaluation
- Country Coordination Mechanism Training and Support
- Fiscal Agent Services

USAID

We understand USG and USAID grant regulations. We will support and train grant staff on complying with the USAID regulations, effective and timely program implementation. We design our support to provide your organization the skills and approaches to regulation compliance needed throughout the life of the grant or cooperative agreement. Whether its a new proposal, award, close-out or audit, our team can provide practical advice on grants, finance, human resources and program reporting, while enhancing overall program implementation.

USAID Grant Management

- USG, USAID and Congressional budget cycle process
- USAID decision makers and their authorities
- USAID approval and what is the process
- USAID grant budget management
- How do I manage cost share and grant assets
- Flexibility in my USAID grant programs
- Preparation for a USAID grant audit
